Rheumatism

Is My Weather Prophet.

I can tell stormy weather days off by the twinges in my shoulders and knees. But here's an old friend that soon drives out the pains and aches.

Sloan's Liniment is so easy to apply, no rubbing at all, it sinks right in and fixes the pain. Cleaner than musky plasters and ointments. Try it for gout, lumbago, neuralgia, bruises and sprains.

At your druggist, 25c. 50c. and \$1.00.

COL. S. B. PARSHAL,
The Auctioneer, Canfield, O.

Having had 47 years' experience all I have to say is, before you advertise your public sale, I would like to contrast with you and show you that I can deliver the goods. You have more than a little to help make me. Thanks.

COL. S. B. PARSHAL,
The Auctioneer, Canfield, O.

Do You Appreciate

Dr. Hisey's \$4.00 gold crown which saves you from \$4.00 to \$6.00? Increased cost of incidental materials may compel me to advance my charges shortly.

Early engagements are advised. Respectfully,

DR. C. K. HISEY
Canfield, Ohio

LOCAL NEWS ITEMS

Gathered in Town, County and Neighborhood.

—You will profit by reading the advertisements in today's Dispatch.

—The Four-County Teachers' Association, composed of the teachers of Columbiana, Mahoning, Trumbull and Portage counties will hold its annual meeting in Niles Friday evening and Saturday. An excellent program will be presented.

—Farmers are speculating considerably upon the condition of the wheat crop. While it is admitted that appearances are not encouraging some farmers say the plants seem to be well rooted and this gives them hope this crop at least will be an average one.

—Newton Falls News: The sweet notes of a beautiful red-bird pierced the gloom of a gray, cold morning, Friday, from the bare top of a tree on the Tod place. The answering notes of its mate sounded from a tree on the Bailey property on the other side of Liberty street. And life seemed more worth while to all who saw and heard.

—All localities in this county that desire a farmers' institute or an extension school during the season of 1917-18 must send representatives to a meeting to be held at the court house in Youngstown, Wednesday, March 28, at 2 p. m., when F. L. Allen, state supervisor of farmers' institutes and extension schools, will be present to discuss plans and map out the work for this county. Only five institutes will be granted in this county.

—At a recent meeting of the Mahoning County Improvement Association, held in Youngstown, vigorous protest was made against the placing of unsightly sign boards along the highways, and it is expected steps will be taken to have them removed. A plan was outlined for an automobile trip late next summer through the southern section of this county and the northern part of Columbiana county to inspect the many fine orchards in those localities.

—Jamil Harrington recently retired as superintendent of the Leetonia Methodist Sunday school after faithfully serving eight years and the school presented him with a handsome Bible and a bouquet of beautiful carnations, his favorite flower, one for each of his 55 years. Mr. Harrington spent his boyhood days in Canfield with his Grandmother Bond. For many years he has been in the employ of the Pennsylvania Railroad Co., being one of its best and most trustworthy men.

—The girl who works—God bless her. She is brave and active. It is not too proud to earn her own living or ashamed to be caught at her daily task. She smiles at you from behind counter or desk. It is an honor to know this girl—to be worthy of her regard. Her hands may be stained by dish washing, sweeping, factory grease or printing ink, but they are honest and helping hands. It stays misfortune from names; it is our shield which protects many a forlorn little family from almshouse and the asylum.—Ex.

—Ravenna Democrat: Earl Strong of Atwater was fined \$50 and costs for allowing a slot machine to be operated in the station where he is ticket agent by Probate Judge E. F. Robinson last Thursday upon his plea of guilty to the charge. The machine was a device for increasing the sale of chewing gum by affording a chance to get five, ten and twenty-five cents in merchandise if the purchaser was lucky enough to have his penny drop in slots at each end of the machine. Most of the pennies dropped in the one cent holes. When H. J. Shreder confiscated the machine it contained 640 pennies.

—The Niles Car Mfg. Co. has decided to discontinue making motor trucks and is now considering the advisability of manufacturing self-propelled interurban cars. It has completed one of these which is to be tried out on the Niles & Lisbon branch of the Erie. Should it prove the success expected more will be built immediately. The car attracts much attention. It is fine appearing and larger than the ordinary street car. It is primarily run by a kerosene oil engine, which in turn operates a dynamo, developing electrical power. There is no doubt that one of these cars expected on schedule on the Niles & Lisbon branch would revolutionize passenger business along the entire line.

SHADY HOLLOW

March 21—Carpenters have up the frame for E. R. Wither's barn. Mr. and Mrs. H. C. Heintzelman attended a St. Patrick's day entertainment in Austintown Friday evening. Lloyd Snyder called at Clark Paulin's in Woodworth Sunday.

Teachers of Jackson, Milton and Berlin townships will meet in North Jackson and M. A. Kimmel of Poland and E. M. Faust of Youngstown will speak.

VERDICT FOR \$100,000

Ice Skater Sued Manufacturer for Alienation of Affection.

Chicago, March 21.—Herbert Gebauer, a professional skater, was awarded a verdict of \$100,000 in the circuit court here in a damage suit brought against Thomas M. Gregory, Pittsburgh and New York manufacturer. The skater charged alienation of his wife's affections. Gregory did not contest the suit.

In the bill filed against the eastern manufacturer, Gebauer declared the only smiles he had from his wife since Gregory came into their lives were those which she accorded him while they cut fancy figures on the ice in theaters and cafes. The skater charges that Gregory followed his wife about the vaudeville circuit.

Mr. Gregory is eastern sales manager of the Hanlon-Gregory Galvanizing Co. of Pittsburgh. A. J. Diebold, president of the company, said he did not believe Gregory had one-fifth the amount of the verdict.

To Dedicate Sunday Tabernacle.

New York, March 21.—The tabernacle where Billy Sunday will conduct his campaign against New York wickedness, will be dedicated April 1.

PREPARING CLOSE OF LEGISLATURE

New Bill Authorizes Municipalities to Seize Food and Retail It at Cost.

Special Columbus Correspondent.

Columbus, March 21.—Two "lith-hour" bills were introduced in the house, the general assembly having reconvened after a recess to end the session. One of the new bills is intended to permit judges to suspend or revoke licenses of motorists found guilty of speeding or reckless driving. This bill is by Stokes of Dayton. Senator Davis of Youngstown will sponsor a bill giving city and village councils power to confiscate and sell at cost stores of food or coal, when the necessity arises.

The senate refused to concur in house amendments to the Holden resolution.

The senate passed the resolution to submit full woman suffrage to a vote in 1917. The house amended the resolution to submit the proposition in 1918. House and senate will probably deadlock on the date, thus killing the resolution. This means suffragists will have to circulate petitions to have an amendment submitted. The house passed bills by Representative Potter of Delaware county, to bar importation of diseased horses and mules, and by Backus of Cleveland, providing joint city-county use of county buildings.

Passes Insurance Bill.

The senate has reconsidered and passed the Ertel bill, which legalizes reciprocal or interinsurance among industrial concerns. Gov. Cox had decreed that it should be passed. The senate also passed the bill by Myers of Cleveland, permitting reduction of bonds by depositories as deposits are decreased.

The house passed the bill of Senator Wright of Cleveland, lifting the limit of \$200 that may be paid from the state insurance fund for medical, nurse and hospital service in the treatment of injured workmen.

Salaries Are Omitted.

Members of the legislature have learned that no appropriation is carried in the general budget, passed by the house and now in the senate, for their salaries for 1918. That the omission was intended is made evident in the printed bill, a dash being inserted where the salary appropriation should be. The house finance committee explains that the appropriation for next year's legislative salaries amounting to \$154,000, is to be carried in the sundry claims bill. The general bill already carries \$44,190,000.

Church Can Lease Property.

Under the bill of Fitzsimmons of Cleveland that went through both houses, religious and charitable societies can lease their property. The purpose of the measure is to permit the leasing of the Plymouth Congregational church property at Prospect avenue and E. 22d-street for a long term of years.

A basket filled with cabbage, turnips, potatoes and carrots was presented to Smith of Cleveland by the "cornstalk brigade" of the house when he rose to explain his bill for the inspection of cold storage goods and the regulation of cold storage warehouses. The bill received a unanimous vote.

If the senate finance committee tries to run amuck with state funds by increasing salaries and handing out large increases in items already fixed by the budget commission, Gov. J. M. Cox will veto the appropriation bill and reconvene the assembly at once to frame a new one. This information was conveyed to the members of the finance committee in the governor's office. Many members of the committee have been traveling over the state for a week and had worked into the bill sums for institutions far exceeding the figures of the budget commissioner. The members solemnly got busy taking off the increases. More than \$400,000 was wiped off.

FORD PEACE COMMITTEE

Its Secretary and Dr. Jordan Seek to Avoid a War.

New York, March 21.—An unofficial commission, headed by David Starr Jordan, chancellor emeritus of Leland Stanford university, will meet here to discuss settlement of the United States' difficulties with Germany by peaceful means. Louis P. Lochner of Chicago, secretary of the Ford peace committee, is secretary.

Dr. Jordan in a telegram to Secretary of War Baker protested against the public utterances of Maj. Gen. Leonard Wood on United States relations with Germany. Dr. Jordan told the secretary that Gen. Wood's remarks constituted a breach of military discipline.

Wagon Coal Shippers Win.

Harrisburg, Pa., March 21.—The Pennsylvania Wagon Coal Shippers' association won a decisive victory over the Pennsylvania railroad in a decision handed down by the public service commission, which provides that the railroad company must furnish the same kind of cars and charge the same rates whether bituminous or cannel coal is loaded from tipplers or wagons.

Did She Play Poker.

New York, March 21.—The A. J. Watts Co., manufacturers of dental gold, started suit here to determine whether Miss Nancy B. Le Due played poker with Charles B. Bostwick, deceased treasurer of the firm. The company contends that Bostwick paid \$917 in poker debts with the company's funds and that Miss Le Due should refund the money. Miss Le Due denies the allegation.

The man who knows himself like a book must be pretty well read.
